Verse 1:	Bm	I can see that glimmer
	A	It's a cold December morning
	G	It could be easy to let the light fade
	Em	And close the open window on the plans You've made
	Bm	But I can see a familiar light
	A/C#	As the leaves rustle in the night
	G	Where the flame was just burning embers
	Em	Now reignites my life into something better
	G	

Chorus:	D	A/C#		
		It's time to catch the flame and pass it on		
	G	In the light, where I belong		
	D	Let me be the light		
	A	Em	G	Em
		That shines in the darkest night for You – all for You		
	Bm	Catch the flame		

Verse 2:	As the days last longer
	And the winter winds blow through me
	It could be easy to spend my time
	On things that don't matter down the line
	But still my time is in Your hands
	I want to use it wisely on Your plans
	In the warmth of Your arms around me
	This flame is ever stronger
	You just astound me

Chorus

Verse 3: With Your arms wide open
You have mended a heart that's broken
And if I stay here just a little while
It's here that I can see for miles and miles
And the Son is rising still
I can see the view from the top of the hill
The darkness can try to claim me
But Your glory shines on, reigning in me

Chorus
