

SO MANY STARS

Dm

Thomas Bonard & Steve Szymanski

Dm Dm/B B^bmaj7

So many stars in the night sky

Dm Dm/B B^bmaj7

And you know them all by name

Dm Dm/B B^bmaj7

All I can do is stand in awe

Dm Dm/B B^bmaj7

Content to watch these worlds go by

Am G

A shooting star blazes through the night

Am G

Never to be seen a - gain

Am G

An almost endless ar - ray of light

Am Bm-5 B^b

Reaching into heaven

Dm Am B^b

Shine on me

Dm C B^b

Shine on me

So many stars out there in space

And you placed them there by hand

Your mighty works, your marvellous deeds

So much for me to comprehend

Am G

And so I'll wait until the morning

Am Bm-5 B^b

I'm waiting for the sun
