

# COMING HOME

F#m

Crossbeam

**F#m** **A**  
I keep trying to find the reasons for pushing you a - way  
**G#m7**  
And saying "not to - day"  
**F#m** **A**  
It's hard, when I can't find the words and it's my heart that's doing the talking  
**Bm** **C#m**  
I've never felt this way be - fore

**F#m** **A**  
I'm out of rhyme or reason, it's almost easier to say  
**G#m7**  
"No not to - day"  
**F#m** **A**  
When the water's seeping in, and the doubts are creeping in  
**C#m** **E**  
All the answers become tears, I need to feel you here

**F#m** **E**  
*Cos I'm drowning, I'm in too deep*  
**A** **E**  
*I can't get out cos the climb's too steep*  
**D** **A** **E**  
*And I feel, I feel so a - lone*  
**F#m** **E**  
*Cos I'm stranded on an empty road*  
**A** **B**  
*I'm on my knees with this heavy load*  
**D** **A** **E**  
*But I know that I am coming home*

No more sadness, no more pain  
Sing your songs to me again today  
Something of amazing worth, a glimpse of heaven here on earth  
All the answers there to find, I need to feel you here

**B A G#m F#**

**B** **A** **G#m**  
When the sky is grey and the night is cold  
**F#**  
I won't fear the rain

**F#m (D)** **E (A)**  
*Cos I'm drowning in your mystery*  
**A (E)** **E (A)**  
*My faith knows what my eyes can't see*  
**D** **A** **E**  
*And I know, I know I'm not a - lone*  
**D** **A**  
*When I'm stranded, you're near to me*  
**E** **B**  
*And I'll rise with you in victory*  
**D** **A** **E**  
*When you come to take me home*

## (COMING HOME)

---

**D**                    **A**                    **E**

Take me home, take me home, I'm coming home

**D**                    **A**                    **E**

Take me home, take me home, I'm coming home
